Medical Transport Benefit

Medical transport services are available to any O&R customer who qualifies for medical transport services in accordance with these rules and regulations, is hospitalized as an inpatient outside of the country of his/her home or place of business and is accepted as a patient into an available inpatient bed by an admitting physician at the hospital of the O&R customer's choice in their home country.

Medical transport services are not available to O&R customers with mild lesions, simple injuries or minor illnesses that can be treated by local doctors and do not prevent the O&R customer from continuing his or her trip or returning home without further immediate medical attention, which requires admittance into a medical facility.

To satisfy the requirements of medical transport under this travel assistance plan, both the originating and receiving hospitals must be accessible by ground ambulance to transport the O&R customer to and from an airfield capable of accommodating an authorized aircraft (in the case of a medical transport via medically dedicated air transport) or a commercial aircraft (in the case of medical transport via commercial airline in the care of an authorized commercial medical escort).

Due to the limited medical facilities and testing available on commercial cruise, private, or chartered maritime ships, the O&R customer must be admitted to a hospital on shore before scheduling medical transport to another hospital during a period of travel involving maritime travel.

Furthermore, any expense associated with land, air, or maritime search and rescue, and/or **emergency relocation** shall be deemed excess above and beyond any insurance protection or coordinated official public/governmental authority response.

The timeframe for medical transport is dependent on aircraft availability, required permits, and visas for the respective countries and any other factors that may be beyond FocusPoint's control. Customers must have proper documentation to return to their country of residence. FocusPoint is not responsible for obtaining these documents in the event of a request for transport.

Commercial Medical Transport Service

FocusPoint will arrange for medical transport via a commercial airline in business class if available in the care of an authorized commercial medical escort if: (1) the O&R customer requires continued inpatient hospitalization;

(2) the remaining inpatient hospitalization can be completed at a hospital of the O&R customer's choice in their home country; and (3) the O&R customer can be returned by commercial airline in the care of an authorized commercial medical escort.

Medically Dedicated Transport Service

FocusPoint will arrange for medical transport via medically dedicated air transportation on an authorized aircraft if:

1. The O&R customer requires continued inpatient hospitalization; (2) the remaining inpatient hospitalization can be completed at a hospital of the O&R customer's choice in their home country; and (3) the O&R customer is unable to return via commercial airline in the care of an authorized commercial medical escort.

One (1) traveling companion may accompany each O&R customer being transported on an authorized aircraft during a medically dedicated air transport, at no additional cost, provided space is available, and the O&R customer's care will not be compromised. While FocusPoint makes every effort to accommodate its O&R customers, due to limited space available on medical aircraft, the O&R customer and any accompanying passenger are limited to one small carry-on bag each.

Transport Criteria

FocusPoint will make all arrangements for medical transport and repatriation.

DECISIONS REGARDING THE URGENCY OF THE CASE, THE BEST TIMING AND THE MOST SUITABLE MEANS OF TRANSPORTATION WILL BE MADE BY FOCUSPOINT MEDICAL STAFF AFTER CONSULTATION WITH THE LOCAL ATTENDING PHYSICIAN.

FocusPoint will require a medical assessment in order to determine travel assistance plan benefits and stability for transport. The medical evaluation requires consultation between the O&R customer's treating physician, who will provide a final or interim diagnosis that will require continued inpatient hospitalization, and a FocusPoint physician, who will review and evaluate the treating physician's diagnosis in order to determine the O&R customer's transport requirements.

An O&R customer must be medically stable for medical transport. Assuming all other medical transport criteria are met, an O&R customer who is initially considered medically unstable for transport to the hospital of the O&R customer's choice in their home country may first be transported to the nearest appropriate medical facility for initial stabilization. After this initial stabilization, FocusPoint will arrange continued transport to the hospital of the O&R customer's choice in their home country if they continue to meet medical transport criteria.

Repatriation of Mortal Remains

In the event of an O&R customer's death during a qualifying period of travel, FocusPoint will arrange and pay the reasonable and customary charges for the preparation and return of the O&R customer's remains to their home country. These charges will be at the sole discretion of FocusPoint and only paid if the O&R customer has no other benefit in place at the time of death that would otherwise cover this expense. Anyone requesting the repatriation of an O&R customer's mortal remains must be able to reasonably prove (when required by FocusPoint) that no other benefits exist that would otherwise cover the expense to repatriate the O&R customer's mortal remains.

OVERWATCH & RESCUE (O&R) IS NOT AN INSURANCE POLICY. FOCUSPOINT DOES NOT AND WILL NOT REIMBURSE THOSE SEEKING TO REPATRIATE THE MORTAL REMAINS OF A CUSTOMER. THOSE SEEKING ASSISTANCE WITH THE REPATRIATION OF MORTAL REMAINS OF A QUALIFYING CUSTOMER MUST ALLOW FOCUSPOINT TO PAY THE REASONABLE AND CUSTOMARY CHARGES DIRECTLY.

This emergency assistance plan benefit includes:

1. Domestic and international paperwork fees
2. Preparation of the O&R customer's remains for transport
3. Transport container

4. Ground and airline transport of the O&R customer's remains to funeral home of choice
5. One death certificate
